**WHITE PAPER**

# Introduction

Kemo introduces an innovative platform designed to engage users through a gamified experience integrating tasks, games, and social interactions. The primary goal is to create a dynamic environment where users earn points, progress through levels, and eventually acquire tokens for rewards. This white paper details the fundamental aspects of the Kemo Queen platform, including point-earning mechanisms and the token economy.

## Platform Overview

Kemo offers a diverse range of activities to keep users engaged, including fixed tasks, video interactions, games, and social interactions. Points earned from these activities can be utilized to purchase in-game tools, advance levels, and earn tokens.

## Key Components

1. Fixed Tasks: Users earn points by completing specific tasks such as platform registration, joining social networks, and watching YouTube videos.
2. Video Interaction: After watching videos, users select the correct answer from three options to earn points.
3. Games:
  - Treasure Hunt: Users engage in a game where points are earned as a camel character progresses through stages.
  - Flipper Game: Users have five free attempts hourly to play, earning points based on outcomes like matching symbols.
4. Social Interactions: Points are earned by inviting friends to join and engaging with daily social media posts.
5. Daily Riddle: A daily riddle on YouTube offers significant points for selecting the correct answer from three options in the bot.

# Point-Earning Mechanisms

## Fixed Tasks:

- Account Registration: Points are awarded upon registering and opening an account on the platform.
- Social Media Subscriptions: Points rewarded for subscribing to platforms like YouTube, Telegram, Twitter, Facebook, Instagram, Discord, and creating an account on the Matrix platform.

## Games:

- Treasure Hunt: Points accumulate as users progress through stages.
- Flipper Game: Points rewarded based on outcomes of free hourly attempts or purchased attempts.

## Daily Tasks:

- YouTube Video Completion: Points for watching daily videos entirely.
- Daily Login: Points rewarded for logging in daily.
- Social Media Engagement: Points for activities like liking, sharing, and retweeting daily posts.
- Inviting Friends: Points for each successful friend referral.

## Daily Riddle:

- YouTube Riddle: A daily riddle on YouTube offers a large point reward for selecting the correct answer in the bot.

# Token Economy

## Token Distribution:

Tokens are distributed based on user levels to ensure fairness and motivation. The total token supply is 100 billion tokens, with 25% allocated to the team and 75% distributed among users based on their achieved levels.

## Progressive Token Distribution: Status

- **Level 1: 1 billion tokens (1.33% of user allocation)**
- **Level 2: 2 billion tokens (2.67% of user allocation)**
- **Level 3: 4 billion tokens (5.33% of user allocation)**
- **Level 4: 5 billion tokens (6.67% of user allocation)**
- **Level 5: 7 billion tokens (9.33% of user allocation)**
- **Level 6: 9 billion tokens (12% of user allocation)**
- **Level 7: 10 billion tokens (13.33% of user allocation)**
- **Level 8: 11 billion tokens (14.67% of user allocation)**
- **Level 9: 12 billion tokens (16% of user allocation)**
- **Level 10: 14 billion tokens (18.67% of user allocation)**

## Token Contract and Information (To Be Developed)

Details regarding the token contract, including tokenomics, smart contract deployment, and sale specifics, will be finalized and shared in future updates.

## Conclusion

Kemo aims to provide an engaging and rewarding experience where users can earn points, progress through levels, and earn tokens for their participation. This white paper serves as a foundational document guiding the development and implementation of the Kemo Queen platform.

# Legal Disclaimer

## Introduction

This legal disclaimer outlines terms and conditions governing the use of the Kemo platform, including point and token allocation. By participating, users agree to comply with these terms and any future revisions.

## No Investment Advice

Information provided in this document and on the Kemo platform is for entertainment and educational purposes, not investment advice.

## No Guarantees

The Kemo platform does not guarantee specific outcomes or token values, and users acknowledge associated risks.

## Compliance with Laws

Users are responsible for complying with local laws; Kemo is not liable for user violations.

## Limitation of Liability

Kemo and its operators are not liable for damages resulting from platform use.

## Intellectual Property

All Kemo content is protected by intellectual property laws.

## Modifications

Kemo reserves the right to modify platform aspects without notice.

## User Conduct

Users must use Kemo responsibly and ethically.

## Privacy Policy

Kemo collects and processes user data according to its Privacy Policy.

## Termination

Kemo may suspend or terminate user access for violations.

## Governing Law

These terms are governed by local laws.

## Contact Information
